

# Tourism and Events

## Certificate III in Tourism SIT30107 & Certificate III in Events SIT30607

This dual Certificate qualification provides the skills and knowledge for an individual to gain experience in three different areas - Hospitality, Tourism and Events.

This is an ideal choice for a student who would like to experience different aspects of three training packages before making future career decisions.

The hospitality units are an excellent introduction and valuable experience to have for part-time employment, while the Tourism units will give you an insight into the Tourism industry and future employment prospects. The Events units will provide organisational and coordination skills.

This is an exciting programme, offering a “taste” of three packages which all directly lead to Diploma programmes.

### Job opportunities

**Tourism:** Visitor information officer, junior travel assistant, special attractions which require multi-skilled employees.

**Events:** Administrative assistant, event operations assistant, conference administrative assistant, exhibition assistant.

**Hospitality:** Bar attendant, coffee shop attendant, bistro assistant
